N4H logo

Guide for use

(v1 August 2022)

1. Use

The Nature4Health logo can be used with or without the strapline.

It is recommended that in the first phase of the initiative the logo with strapline is used wherever possible.

A horizontal version with strapline is available if the scale of use makes the strapline illegible. It is recommended that is used exceptionally.

The logos are available in CMYK and RGB as eps, jpg and png and can be downloaded from

The N4H is available in a black/white version which can be used where a colour version cannot be utilised, and where the logo will be more effective

2. Logo position

The Nature4Health logo must be scaled proportionally and not skewed or otherwise distorted.

The logo must be placed on a white background or on coloured areas with no more than a 10% fill.

When the N4H logo is placed next to other logos ensure the equivalent space of N4H circle is maintained on all sides as a minimum.
